## AGRICULTURAL RUBBER MATTING

### COWS PERFORM BETTER WITH AXIS RUBBER MATTING.

At Axis Industries, we're serious about surfacing and serious about the performance of your cows. That's why we have sourced our range of high quality rubber matting from for agricultural applications. In the walkway, laneway and feed areas, our high-grip mats offer increased comfort, ensuring the cows move more confidently, slip less, avoid lameness, improve hygiene and produce higher yields. In the milking parlor, our mats provide a high-grip surface, with less slipping, reduced lameness and a better quality milking environment. We also have solutions for operator areas such as the herringbone pit, cups on/off areas.

- SUPERIOR QUALITY PRODUCTS
- INCREASED ANIMAL COMFORT

- REDUCED LAMENESS
- EASY INSTALLATION

# AXIS EXTREME GRIP MAT

The Axis Extreme Grip is a high grip interlocking mat that provides animals a comfortable, stable and hard-wearing surface.

These mats are suitable for use with automatic and robotic scrapers, if adjusted for use on rubber floors and are best cleaned with a pressure washer or water hose.

## BENEFITS

- Provides animals with optimal grip and confidence.
- Honeycomb design on the underside provides comfort and deflection.
- Facilitates faster and more confident movement of animals.
- Simple to install.

## FEATURES

- Natural rubber compound.
- High profiled surface for optimal grip
- Strong interlock on two sides for a near-seamless joint
- Recessed holes to accommodate stainless steel fixings sub-surface.
- Easy to clean with water, presswasher or brush scraper.

## AXIS ULTRA GRIP MAT.

The Axis Ultra Grip Mat has a finer hex-pattern to the top and a studded underside.

## AXIS EVA MATS.

EVA Mats provide a budget friendly anti-fatigue operator mat that is resistant against acids and chemicals used in dairies.

## UNDERLAY.

We can provide recycled rubber underlay to add softness and anti-fatigue performance to our durable rubber mats, creating a long lasting and comfortable operator matting solution.

# INSTALLATION.

All our range of mats are an easy DIY installation or we can install your project for you. Contact us today for a site measure and quote.
