## EQUESTRIAN RUBBER MATTING

### HORSES PERFORM BETTER WITH AXIS RUBBER MATTING.

Our range of equestrian rubber matting has been designed to provide safer surfacing solutions for horses, handlers and trainers alike. Our selection of rubber mats provides horses with confidence and comfort while walking and resting. They also reduce the wear on the horse's hooves through the unabrasive nature of the rubber, unlike concrete or timber. Our rubber mats also reduce the risk of slipping and provide a quieter and warmer environment that is hygienic and very easy to clean with a hose or broom. Axis rubber mats provide the horse, handler, and trainer a safer, quieter, warmer, more hygienic and comfortable environment to work and perform in.

- ANTI-SLIP
- REDUCED HOOF WEAR
- NON ABRASIVE
- COMFORTABLE
- WARMER ENVIRONMENT
- QUIET ENVIRONMENT
- REDUCED BEDDING COSTS
- EASY INSTALLATION

# AXIS EXTREME GRIP MAT

The Axis Extreme Grip is a high grip interlocking mat that provides animals a comfortable, stable and hard-wearing surface ideal for use in stables, walkways, courtyards, and wash areas.

## FEATURES & BENEFITS

- Provides animals with optimal grip and confidence.
- Honeycomb design on the underside provides comfort and deflection.
- Facilitates faster and more confident movement of animals.
- Simple to install.
- Natural rubber compound.
- High profiled surface for optimal grip
- Strong interlock on two sides for a near-seamless joint
- Recessed holes to accommodate stainless steel fixings sub-surface.
- Easy to clean with water, pressurewasher or broom

## AXIS ULTRA GRIP MAT.

The Axis Ultra Grip Mat has a finer hex-pattern to the top and a studded underside.

## WETPOUR RUBBER SURFACING.

We can provide wet pour rubber surfacing for stables, walkways, walkers and any area you require using Australian recycled rubber and high quality binders.

# HORSE TRANSPORTATION SURFACING.

## WALLS AND FLOORS.
